

STUDENT AGREEMENT TO SELF-CARRY/SELF-ADMINISTER MEDICATION

A school district may grant authorization for students to self-administer medication for asthma or anaphylaxis if the following conditions are met:

- They have a current medical authorization from their health care provider,
- Have demonstrated to the health care provider and the registered nurse at the school the skill needed to use the medication,
- The HCP develops a written treatment plan in effect for the student, and
- This authorization allows the student to possess and use the medication during, to and from the school and school sponsored events.

Directions: School nurse conferences with student. Both should initial each of the following stipulations. Student want to self-administer the medication

Demonstrates the maturity and understanding of responsibility of self-administration:

- Identifies the signs and symptoms of asthma or anaphylaxis,
- Demonstrates how to use the medication to treat his/her symptoms,
- Demonstrates correct technique to use medication(s),
- Identifies side effects of medication(s), and
- Understands what and to whom to report

I understand that there are rules and responsibilities in self-administering my medication for asthma or anaphylaxis prevention:

- I will keep my inhaler and/or epinephrine with me at all times.
- I will notify a responsible adult when the inhaler is used and immediately when I use the epinephrine.
- I will not share medication with any other student.
- I will not leave it unattended where another person could access it.
- I will not use it for any other purpose than to treat my medical signs and symptoms.
- I understand this is a privilege that can be changed if I do not follow the rules.
